

# Meet Our NeuroRecovery Team

## Clearwater, Florida

Jennifer Doble, MD | **Medical Director**

As the **Consulting Medical Director**, Dr. Doble brings a wealth of knowledge and experience in the diagnosis and specialized rehabilitation of individuals recovering from traumatic brain and spinal cord injury suffering from addiction. Dr. Doble completed her Physical Medicine and Rehabilitation residencies in the Department of Physical Medicine and Rehabilitation at the University of Michigan Medical Center in Ann Arbor, Michigan, and in Internal Medicine at St. Joseph Mercy Hospital in Ann Arbor. She received her medical degree from Brown University Medical School in Providence, Rhode Island. She has a passion for teaching and the ability to speak in layman's terms on the complicated diseases of addiction and brain injury.

Kristy Bruna, BA, CBIS | **Program Director**

As **Program Director**, Kristy leads a team of rehabilitation professionals who strive to assist individuals to reach their maximum level of independence. Kristy has over 15 years experience of working with individuals with disabilities and over 10 years in traumatic brain injury. Kristy provides leadership and guidance to the clinical team, ensuring a safe and supportive workplace conducive to providing participants with comprehensive, effective treatment in a nurturing environment.

Jonathan K. Jaberg, BA, MDiv, BCBA, CBIS | **Behavior Analyst**

Jonathan serves as a **Behavior Analyst** for NeuroRestorative Florida's program in Clearwater. In addition to Jonathan's experience with brain injury, his clinical experience includes work with clients presenting developmental disabilities, mental illness and substance abuse diagnoses. Jon focuses intently on developing behavior treatment systems driven by our client's needs that are backed by research outcomes.

Aimee Johnson, MA | **Counselor**

Aimee is a passionate and dynamic **Counselor**. She utilizes cognitive-behavioral therapy, motivational enhancement therapy, trauma informed care, and emotional freedom techniques to assist her clients. She has worked in many areas of recovery and mental health settings. Aimee earned her Bachelor of Science degree in Psychology from Texas Woman's University and a Master of Arts in Counselor Education from the University of South Florida.

Pam Feinberg | **Consultant**

With over 20 years of experience working with individuals who have sustained a brain injury, Feinberg Consulting Addiction Services were initiated to support fully those who have struggled with substances and other process addictions. The team of people dedicated to working with individuals struggling with addiction includes nurses, social workers, mental health counselors, recovery coaches and career counselors. Feinberg Consulting Addiction Services provides intervention, assessment and referrals, case management, peer recovery coaching, and family recovery. Pam has a passion for providing high-quality services to those suffering from the disease of addiction.

## Lisa Sullivan, RN | Registered Nurse

Lisa has been working at NeuroRestorative Florida's program in Clearwater for over four years. As a **Registered Nurse (RN)**, she provides training and overall support for the team, collaborating with all disciplines to help to ensure that participants' medical needs are met. Lisa has a passion for healthcare and supporting staff to provide the best possible care for the participants we are privileged to serve.

## J. La'Darius Belcher | Residential Operations Manager

As our current **Residential Operations Manager** of the Clearwater program, La'Darius provides leadership in residential services, license regulations and employee training. He has worked in the field of residential rehabilitation for over 16 years. La'Darius oversees daily staff and participant activities, refines the daily schedule and manages the day-to-day of each residential setting at our Clearwater program.

## Janet Strobel | Speech-Language Pathologist

As the **Speech Language Pathologist** for NeuroRestorative Florida's program in Clearwater, Janet works with participants to address cognitive, speech, communication, dysphasia and language deficits. She has worked in various roles in the healthcare industry as a nurse, a therapist, an educator and is always an advocate.

## John S. Brown, CBIS | Case Manager

John joined our organization in 2007 and currently serves as a **Case Manager** for NeuroRestorative Florida's program in Clearwater. John is a Certified Brain Injury Specialist. He is also a Certified Clinical Hypnotherapist with focus on NeuroLinguistic Programming, Certified Restorative Justice Practitioner, and a member of the Christian Association for Psychological Studies and Professional Board of Hypnotherapy. John has over 35 years experience in healthcare. He facilitates communication between participants, family members, and referents.

## Jenny R. Thielemann, BS, MA, DMin | Case Manager

As a **Case Manger** for NeuroRestorative Florida's program in Clearwater, Jenny collaborates with a highly skilled team of physicians, therapists and nurses to assist participants to reach their goals. She has over 7 years experience in facilitating independence and quality of life for the participants we serve. Jenny's background in education makes her an ideal fit for the NeuroRecovery Team.

## Stacy Flanagan, COTA/L, CBIS | Certified Occupational Therapy Assistant

Stacy brings over 20 years combined experience in brain injury, physical disabilities and pediatrics, promoting independence in a variety of settings. As a **Certified Occupational Therapy Assistant**, she is certified in Interactive Metronome, Physical Agent Modalities and Fieldwork Education. She brings a holistic approach to helping participants learn skills that support their recovery and help them to be successful.
