

NeuroRestorative Ohio is a leading provider of post-acute rehabilitation and support services for adults with brain injury and other neurological challenges.

In our 10 bed Ohio program, we offer a continuum of care and community-based, functionally-oriented programs.

Our residential and outpatient therapy services empower the individuals we serve to regain their independence as they continue along our continuum of post-acute rehabilitation options.

We offer individualized, outcome-driven programs in both community and residential settings, including:

- Neurorehabilitation
- Neurobehavioral
- Occupational Therapy
- Speech-Language Pathology
- Physical Therapy
- Case Management
- Outpatient Services
- Counseling
- Neurofunctional Home & Community
- Vocational Supports and Services
- 24-Hour Nursing

Location

Located in suburban Stow, just outside of Akron, our facility offers beautifully landscaped grounds, accessible recreational gardening and relaxing outdoor living space. The program is located in close proximity to area attractions including shops, restaurants, museums, galleries, cafes, churches and movie theaters.

The program also offers daily activities supervised by qualified and specially trained staff on-site and in the community.
