

NeuroRestorative Pennsylvania offers post-acute rehabilitation and specialized community living services for individuals with brain injury and other neurological challenges. Our **continuum of care** is designed to help individuals regain **independence** and participate in their **community**.

## Programs

We provide individualized, outcome-driven programs and support services in the most independent setting possible.

We offer:

- Neurorehabilitation
- Transitional Living
- Supported Living
- Outpatient
- Day Treatment
- Respite
- Neurofunctional Home & Community

## Services

We offer the following array of services based on the **needs and goals** of each program participant:

- Physical Therapy
- Occupational Therapy
- Speech-Language Pathology
- Medication Management & Administration
- Life Skills Training
- Community Integration
- Family Education & Training
- Vocational & Productive Activities
- Social & Recreational Activities
- Supported Employment
- Nutritional Education
- Neuropsychological Services
- Counseling

*The services listed may be offered by our staff and other professionals on site or in the community. NeuroRestorative also coordinates or assists participants in accessing additional services from other health professionals and local service providers as necessary.*

"I tell myself every day that I can do it and I keep pressing on. I know I can do anything I set my mind to."

-Tony,  
a person served by  
NeuroRestorative

## Location & Setting

Fairview

Situated on over **nine acres** of land, NeuroRestorative's country setting in **Fairview**, a small community west of Erie, offers participants a **relaxing atmosphere** and many opportunities for **recreational activities** and **community integration**.

Located just minutes from **Lake Erie**, participants have **convenient access** to a variety of **community resources** as well as **social and cultural activities** including shopping, entertainment and local attractions.
