“It’s really hard sometimes. I just tell myself everyday that I can do it and I keep pressing on.”

-Elen,  
a person served by  
NeuroRestorative

## Location & Setting

Our two **experience-rich** program settings in **Charlestown** provide individuals with guided opportunities to improve their **daily living skills** and successfully participate in **home and community-based** environments. This tight-knit waterfront community provides a friendly and family-oriented atmosphere and is home to several local businesses, farms and community beaches.

Located in a quaint, **residential neighborhood** in the scenic town of **Westerly**, our newest setting is conveniently located near many of the area’s outdoor and indoor attractions, including beaches, shopping and restaurants. In addition, the close proximity to **Providence** allows for access to the specialized medical services the city has to offer.
